INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of United Way of Eastern New Mexico, Inc.

I have audited the accompanying statement of financial position of United Way of Eastern New Mexico, Inc (nonprofit organization) as of December 31, 2017 and the related statements of activities, functional expenses and cash flow for the year then ended. The financial statements are the responsibility of management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Eastern New Mexico, Inc. as of December 31, 2017 and the results of operation and cash flow for the year then ended, in conformity with generally accepted accounting principles of the United States.

The more significant accounting policies and procedures of the Organization are more fully described below.

A. Basis of Accounting

The financial statements of the Organization have been prepared utilizing the accrual basis of accounting.

B. Financial Statement Presentation

The accompanying financial statements have been prepared so that the presentation of the financial statements will conform to the presentation requirements of FASB ASC 958 Financial Statements of Not-for-Profit Organizations. Under FASB ASC 958, UWCC is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted.

C. Public Support and Revenue

All pledges and other contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as unrestricted.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017

Annual campaign contributions are generally available for unrestricted use in the related campaign year unless specifically restricted by the donor. Unconditional promises to give due in the next year are reflected as current promises to give and are recorded at their net realizable value. Unconditional promises to give in subsequent years are reflected as long term promises to give and are recorded at the present value of their net realizable value, using risk-free interest rates applicable to the years in which the promises are received to discount the amounts. The majority of the promises to give are received from a broad base of Curry and Roosevelt Counties contributors as a result of the annual campaign. An allowance for uncollectible promises is provided based on management's valuation of potential uncollectible promises receivable at year end.

Contributed property and equipment are recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support.

D. Assets, Liabilities and Net Assets

Cash and Cash Equivalents: The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash and cash equivalents. Foundation cash and investments are considered to be permanently restricted. Cash balances are maintained in several financial institutions which, at times, may exceed federally insured limits

Investments: Accordingly to FASB ASC 958, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Changes in the fair value of these investments represent unrealized gains or losses and are recorded in Consolidated Statements of Activities as a component of investment return.

Investments consist of certificates of deposit and mutual funds. The certificates of deposits range in maturity from six months to 12 months. Interest is accrued as of year end. The certificates of deposit are recorded at cost, which approximates fair value. The mutual funds are stated at fair market value. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Receivables: All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The allowance as of December 31, 2017 was \$22,932.

Equipment and Depreciation: Equipment is capitalized at cost. It is the Organization's policy to capitalize expenses for items with useful lives greater than one year and costs over \$500. Additions and replacements that improve or extend the estimated economic useful lives of existing assets are also capitalized. All other items are expensed as incurred. Donated fixed assets are recorded at estimated fair market value if they have an estimated fair market value in excess of \$500 at the date of donation. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

<u>Assets</u>	<u>Years</u>
Equipment	3-15

Accrued Expenses: Accrued expenses are comprised of the payroll expenses based on amounts earned by the employees through December 31, 2017, along with FICA and Medicare payable.

Net Assets Classification Policies and Procedures:

According to FASB ASC 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets:

- a. Unrestricted- represents revenues and expenses related to the operations and management of the Organization's primary programs and supporting services of which no donor-imposed restrictions have been imposed.
- b. Temporarily restricted-represents donations and awards received by the Organization in which the donor has placed a time or purpose restriction on the donation. Included in temporarily restricted net assets are any gains or revenues earned on restricted assets where the donor has placed a restriction of time or purpose on such earnings. When the terms of the restrictions are met, the temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the Consolidated Statements of Activities as net assets released from restriction.
- c. Permanently restricted represents donations and awards received in which the donor has placed a restriction that neither expires by the passage of time nor can be fulfilled or otherwise removed by actions of the organizations.

Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the organization reports expiration of donor restrictions when the donated or accrued assets are placed in service as instructed by the donor. The organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Note 3 Promises to Give

Contributions are recognized when the donor makes a promise to give to the Organization. Contributions are reported as increases in unrestricted, temporarily, or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. The Organization uses the allowance method to determine uncollectible unconditional promises receivable. The allowance is based on gross campaign totals utilizing prior years' experience and management's analysis of specific promises made.
